1. INTRODUCTION

Literature is the creation of human being which based on the writing activity, movies, poem and literary works that combined with the creativity from people who pouring their concept of thinking into the arts such as literature terms. The equality between life and literature itself cannot be separate each other, because of what does the people make in literary works especially in movie, most of all are related to a real life. the people will learn about something new by watching a movie to get a full attention for what is happening there and taking a chance to get a moral message then, the movie will be the one of the best treatments to entertaining people (Ramrao, 2016). Furthermore, Gaskin (2013) in (Yastanti,Isnia and Ananta 2018) defines that A literary work is defined by its adoption by one or more authors in a specific cultural and historical context as part of an institutional practice of generating and consuming such works. It signifies that literary works have two or more authors, rather than just one. Literary works also contain cultural values and historical stories. The institution also takes part in literary works, either by creating them or by reading them.

Movies can be said as the one of the most popular entertainment terms that carry many kinds of genre inside. The theme and story in the movie have carried out something special imagination for the audience with their story, theme, setting and fantasy. A movie is a story or event which is recorded by a cameraman in order to show the motion of image and character that moving in every scene they have. Another definition Indriani, Sili, and Ariani, (2019) they are argued that movie and literacy are the aesthetic representations of the human intellect. In the beginning, film was more closely tied to photography and artwork. Films may also be classified into categories such as action, drama, fantasy, comedy, horror, and so on.

The psychological aspect can be found in every scene in the movie such as love and ambition. Love and ambition are always lived in daily life. Nobody movies 2021 bring back the time when people have to think about how to struggle and protect their family with their strength, loyalty, and love. Nobody film was directed by Ilya Naishuller and written by David Buckley. Nobody movies are tells about the man who had been retired from the assassin member. The story begins when robbery came into his house and tries to disturb his family while they are doing a dinner at night. Bob Odenkirk as (Hutch Mansell) is the main character of that film has given a huge attention and determination because of his treatment to the robbery itself.

The main character in this movie has chosen to avoid fight back, until his family realized that hutch should be fight back but nobody knows what the reason is. By watching and understanding the movie, the writer chooses Nobody Movie 2021 as the part of research. The writer used a descriptive qualitative method for the analysis of the movie.

The ambition is a desire to maximize the effort to accomplish the purposes in life. Every human being surely has a desire to achieve something more than just a temporary expectation; it can be career, personal skills, and learning system, in order to follow their dreams and heart. The situation of life makes the people wants to make a plan for their lifetime program with high determination and dedication. People will be enjoying doing what their love.

The curiosity makes people can be fall in love for a random reason. It is hard to defined love and what makes love appear in everyday terms. Love is something that people lived with. Whether the concern of family, they build something in a long-term project, or by saying the intention and attention. The great collaboration between love and ambition are totally magnificent. Sometimes people mixed the love and ambition as a power to complete something.

Ambition can be arisen when someone feel that some kind of things is a relate for them, maybe, they are watching movie, playing musical instrument, and learning progress. In life, someone have a special task to do or activity that makes their happy to do it. It can be transferred as love language. Based on the reason above, the title of the

2. TEORETICAL REVIEW

2.1 Ambition

According to Muray (1993) as quoted by (Moputi and Husein, 2018) states that ambition is the desire for success, display, and acknowledgment is linked to the need for ambition. The desire to succeed, attain objectives, and overcome barriers is a common expression of the drive for achievement. Gaining social status and demonstrating accomplishments satisfy the demand for respect. These requirements are included in the category of psychogenic need. Sometimes ambition necessitates a need for display or the desire to shock and delight others.” It means that the ambition can be recognize as the subject in obtaining social position and exhibiting accomplishments satisfies the need for respect. The urge for ambition is connected to the need for achievement, show, and recognition. Ambition may sometimes demand a need for show or the drive to surprise and enchant people. These requirements are classified as psychogenic needs.

In the other hand, (Barsukova 2015) (Barsukova 2015) states, “Ambition is fulfilled in numerous domains of human activity as a person desire for recognition and importance, reflected in particular personality traits and features of conduct, described in other motives and objectives of person, associated with other psychological qualities of person.” It says, ambition is a personal desire for recognition and importance, which is represented in specific personality traits and characteristics of behavior and is defined in other reasons and aims of the individual. Ambition can also be connected to other psychological characteristics of an individual, such as self-esteem and identity.

According to (Albert, Kubler, and Goncalves 2019) argue that Ambition may play a role in a variety of aspects, such as establishing a high performance target for oneself or self-selecting into a difficult activity. Setting oneself performance objectives, for example, when students give themselves the aim of getting a good score in a test, exemplifies ambition. Workers in employment relationships frequently have the option of setting performance goals that are rewarded with a compensation bonus. Ambition may also be demonstrated by choosing a tough activity that demands more work and has a larger variance in outcomes when compared to an easy job. Ambition may be expressed in a variety of ways, such as setting a high-performance goal for oneself or identity into a challenging activity. Setting one's own performance goals, such as when students set a goal of achieving a good grade on a test, displays ambition. Employees in employment partnerships usually have the ability to set performance goals that are rewarded with a reward.

Based on the statement above, the writers conclude the ambition as the urge of connection with the need for achievement, show, and recognition. The urge to succeed, achieve goals, and overcome obstacles is a typical manifestation of the drive for achievement. Obtaining social position and exhibiting accomplishments satisfies the need

for respect. These requirements are classified as psychogenic needs. Ambition may sometimes demand a need for show or the drive to surprise and enchant people.

2.2 Characteristic of Ambition

The types of ambition according to (Sools et al., 2007; Benschop, van den Brink, Doorewaard, & Leenders, 2013; Verstraeten, 2017) as quoted by (Kortekaas 2018) the researcher has argued that some authors who use the positive or negative conceptualization of ambition had already added that while positive ambition is self-focused, it differs from negative aspirations in that it is about identity, developing new things, enjoying new challenges and obstacles, and self-improvement instead of obtaining external rewards. It means that instead of receiving external benefits, positive ambition is about identification, learning new things, experiencing new difficulties and barriers, and self-improvement. While positive ambition is self-centered, it varies from negative ambition in that it is concerned with a person's identity rather than external objectives or desires.

Meanwhile, Larimer (2007) in (Benschop et al. 2013) he argues, "Positive ambition is defined as a desire to carry out many obligations competently and contribute to the achievement of common goals. Meanwhile, negative ambition relates to self-interested conduct and an egocentric desire for dominance." Positive ambition is described as a desire to carry out several responsibilities properly and contribute to the accomplishment of common goals. Negative ambition, on the other hand, refers to self-interested behavior and an egotistical drive for supremacy.

In another theory, the ambition has a level which is connected to the types of ambition. According to Abd-Alfattah (2007) in (Almomani and Theeb 2016) (Almomani and Theeb, 2016) he says, the amount of ambition develops as a person grows older, in the presence of some variables such as the encouragement that comes with success, whereas discouragement adds to failure experiences, resulting in a decrease in ambition. As a result, the more mature an individual is, the more people own the means to accomplish their goal and the more people are able to think about how to get there. Many studies have found that typical people and those from low-income households had higher levels of ambition than people from high-income families. It means that as a person grows older, some factors influence their level of ambition, such as the encouragement that comes with success, whereas discouragement adds to failure experiences, resulting in a reduction in ambition. Another characteristic of ambitious personality comes from Barsukova (2016). He is mention that there are a several characteristic of ambitious person which are following:

1. Goals: Goals being recognized by understanding people achievement of success in life; reaching the social and professional "tipping point"; advancing in one career; and assuming leadership roles. Goal-setting and goal-attainment planning; constant, active goal-attainment
2. Achievement Motivation: High accomplishment motivation; huge wish for ego and self-development; seeking to achieve more often than family; trying to be better than others; low daydream; victory ambition; motivation pressure.

3. Self-Attitude: A person who is ambitious attempts to learn from his or her wins and losses; setbacks fuel his or her resolve to achieve. "I am as excellent as anybody," unhappiness with oneself and one's accomplishments, sensitive to criticism All of this contributes to the idea that a person is working hard to cultivate particular characteristics.
4. Attitude Dominance: Kindness; competition; comparing oneself and one's potential with others; compassion for persons who have accomplished a lot in life; "best" approach towards individuals who have not attained success; desire to challenge competitors.
5. Attitude To Professional Activity: willingness to relocate to another city or country for a higher position and professional advancement; desire to be a manager; ability to compromise jobs, even if it means losing one's current position, for a more interesting opportunity; willingness to make efforts to achieve the goal; willingness to work in one's spare time and on weekends to achieve the goal; work for oneself and not for others; recognition is an incentive for activity.
6. Self-Regulation: Self - control; risk-taking abilities; time management; failure to "play well".
7. Cognitive: Open-mindedness; enthusiasm in addressing complicated challenges; adaptability and critical thinking According to Cattell, radicalism means that a person is willing to work hard, work in their spare time, and change jobs in order to advance in their careers and reach the professional "top."

Based on the statement above, the writers conclude that there many kinds of ambition and level that can be source of analysis. Ambition will drag someone to achieving a specific purpose by taking a chances, power and determination. The desire and the need to accomplish something can be the reason to have ambition. The potential of ambition will be affecting the goals and the willingness depends on the triggers, the source and the problem. The ambition may have a bunch of definition and research, but the writers would like to introduce the side of ambition characteristic and levels by selecting the easier theory which are made by the author and researcher, so that, the reader will be understand the concept of analysis.

In ambition characteristics, the positive and negative aspect of ambition from the people who are standing with it defined as good and bad ambition. The ambition cannot be separated from people life. in the previous characteristic of a positive ambition should be fill with a negative aspect. Bad ambition can be explained, based on the expertise opinion and research.

3. METHOD

This paper used a descriptive qualitative method. Descriptive research is used to obtain information concerning the current states of the phenomena to describe "what exists " with respect to variables or conditions in a situation. According to Zohrabi in (Mohajan 2018) "Qualitative research is a form of social action that stresses on the way

of people interpret, and make sense of their experiences to understand the social reality of individuals. It makes the use of interviews, diaries, journals, classroom observations and immersions; and open-ended questionnaires to obtain, analyze, and interpret the data content analysis of visual and textual materials, and oral history". It means the Qualitative descriptive research seeks to provide the picture using data in the form of the word rather than numbers qualitative.

4. RESULT AND DISCUSSION

Figure 4. 1 Hutch and the criminals

(Houses, 2021 04:43-05:12)

| Hutch (Main Characters): | “We don’t want any trouble!” |
| Woman (Criminals) | : “Give me your money, Cash!” |
| Hutch | : “Th-That's about all there is, on that”. |

The main characters Hutch Mansell tries to calm down the situation, he does not want to make it bad, or even wants to make a trouble by attacking the criminals back. Here is some conversation between Hutch and Criminal People.

As a leader of his family, Hutch seems like does not take any defensive feeling that cause his son angry at him. Of course, there is a reason why does the main character Hutch Mansell avoid to fight back the criminals. The reason is because he must be protecting his family. After the crowd situation, Hutch started to notice some of tattoos. He thinks that the tattoos from the criminals look familiar with his past. In fact, the background of hutch is the assassin. He works with his father on the past.

The criminals want to take his rings, which is the ring is the wedding rings, Hutch in the higher tension of pressure, He should take a chance to kick the criminals out with his golf stick, when the criminals would like to take his rings from his hands, The main character is stopped to kick the criminals without any reason. His son, have a fighting

with the criminals, Hutch sons smack the criminals down, lock the movement of criminals.

Figure 4. 2 Hutch suddenly notice the man tattoos.

(Hutch Mansell House, 05:12-06:10)

- Woman (The Criminals): “Give me your ring, “Give me your fucking ring!”
“I swear to God, I’ll fucking shoot you!”
- Brady : “Dad!!”

Hutch Mansell is scared to be lost his family, which is he cannot avoid the killer instinct in his feeling. Sometimes, Hutch have some unconscious feeling and emotion for where his come from, and what should he do for the next steps. Whether, He must protect his family or keep silent for everything to make his wife and his kids happy.

. He tries to control his ego, the desire to reach his killer instinct but ego does not affect Hutch as the leader of his own family. He knows that he must be protect his family by letting the criminals take what they want without too much argue and compromise. He commits that he must be a better man for his kids, wife and family.

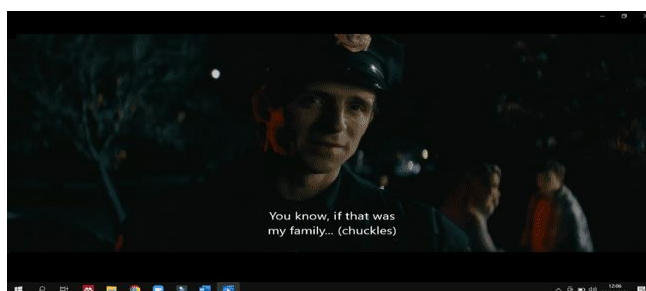

Figure 4. 3 Police Officer Investigation

After the bad condition that appears in his family house, Hutch as the main characters can feel the disappointment of himself, because he does nothing, even when the criminals wanted to shoot him by using a pistol in front of his son. It can be introducing the cares sides of him. The love that he builds and the ego which is hard to control

(Outside of house, 06:34-07:43)

Hutch : I can't believe I let this happen my beautiful wife, beautiful kids, my home broken into with a freaking...

Police : Mr. Mansell? Excuse me?
So, that's how they got in, huh?
Using a pizza box?
Did you even take a swing?

Hutch : She had a, uh.....

Police 1 : Look, you did a right think, Mr. Mansell

Police 2 : You know, if that was my family.....

By watching this full scene, there are some conversations between the police officer and Hutch Mansell. The police would like to gain some information for what is happen at that night. Based on the conversation above, in the one until three line the writer analyzed that Hutch have the feeling of love. As the human being and also as the fathers and husband, he seems like cannot imagine for what he did by letting his family in the trouble.

The feeling to protect his family and the regrets become the focus on his feeling. He thinks that he should have protect his family for whatever reason he has. The connection between Hutch and his family is a strong, since the criminals come into his house and the trouble that comes to. Which means these includes doing things that a partner knows their partner wants them to do. They may be seen as expressions of love since they reveal that one person was thinking about the other

Figure 4. 4 Hutch Talks with his daughter

(Couch, 08:22-09:02)

His Daughter : “Hey dad!”

Hutch : “Hey kiddo! You couldn't sleep? No?”

His daughter : “Yeah”

Hutch : “You are Scared?”

His daughter : “Why would i be? You are here!”

Hutch : “Yeah....”
His daughter : “We need a cat.”
Hutch : “I was thinking the same thing (Hutch turn the lights off)”

Hutch Mansell, the main characters from this movie loves to talk with his sons and his daughters. The love that he gives for both of them is pure and real. The feeling that he sees as the man finally brings him to the day when he jumped out the bad and choose to sleep in the basement. The reason is on his wife. She chooses to be an independent woman who struggles for her life in politics and her career. In case, there is the main reason for to do that.

As the writers have capturing the part of scene that shows the main character has the quality time with his daughter. Hutch Mansell seems like to turn his ego off during the deep talk with his daughter. He shows the good attitude as the leader and father from his kids, with a commitment and cares. He pretends to understand the needs from his kids. In fact, there is no cat in his mine.

Hutch Mansell goes to work in the morning and start to turn on the radio to play some slow jazz with his cup of coffee. Hutch friends have knowing what is happening last night when the criminal’s woman and man came into his house. They are start to talk each other sharing his feeling and story. The ambition triggers from Hutch have started to come with the highest attention for who are they and whether the criminals have the connection with a mafia syndicate. The ambition triggers will be explained by the film captured below:

Hutch Mansell as the alpha male, he can totally watch the gesture, motion, and the emotion of people. In the analysis, the triggers of Hutch ambition are about to start (Barsukova 2015) He is defined Ambition is fulfilled in numerous domains of human activity as a person desire for recognition and importance, reflected in particular personality traits and features of conduct, described in other motives and objectives of person, associated with other psychological qualities of person and in the psychoanalysis perspective, Hutch as a man able to communicate with his friends and the fact that his friend Harry will be understand the mindset and what is the next planning without Hutch explaining all of them.

The main characters have ambition which is complex and full of drama inside of it. The way Hutch Mansell understands the situation and finds the problems by comparing the information from his friends and the people who have a connection to the criminals. He is commits that he has to find the answer by himself. In fact, that he is never known the risk and the impact of his life. Hutch just a man with a good heart, he changes himself to be a better person from his past as the assassin. However, hutch will be pay off all the problem and consequences to take any risk by protecting his whole family and himself.

Figure 4. 5 Hutch Mansell visiting His dad, Mr. Mansell

(Mr. Mansell House, 17:53-18:19)

Hutch : “Hey dad! You’ve been eating? “

His Dad : “What?? Are you okay?”

Hutch : “Ya, I’m okay”

His dad : “You don’t look okay; do you remember who we used to be?”

Hutch Mansell has the great dad and also, they were worked together in the past. Young Hutch Mansell is the assassin and his father has retired from FBI agency, which is he has a good family side, tough, and no compromise for everything, before he chooses to be work in factory, Hutch is the killer with cold-blood. The scene above shows that the most important thing for him is his family. When Hutch Mansell feeling bad and confuse about what happened last night, he always visits his father. To make sure that he saves.

The scene above will start the analysis how the main characters adopting the love for his dad by visiting the nursing home. Father is the hero for someone. The feeling that he has, the connection between son and dad are quite strong. He senses the trouble from Hutch as the son of Mansell. He absolutely knowing that Hutch have something to be hide from his dad.

The triggers of ambition for this scene are when hutch Mansell feel worried and slow response to take a chance by protecting his family and hutch seems like stuck in his commitment to be a better man, Mr. Mansell tells him that who is he in a real time. Hutch and his dad are the people who break down the fear without hesitate. He teaches him to be brave and remember who he is. The ambition in this scene appears when Mr. Mansell have a quality time with his son. The ambition started when someone has the desire to proof something and remember the goals that must be accomplished clearly. It seems like the love is the desire of emotion which are make people feel happy and give a motivation to be a better and tough. The people will do anything with love without hesitation.

Figure 4. 6 His Daughter Have Lost the Cat Bracelet

(Houses 19:11-20:19)

Hutch : “Hey buddy! How was school?”
 His sons : “Fine!”
 Hutch : “How was today?”
 Becca (His wife) : “I can’t find it”
 Hutch : “You can't find what?”
 His daughter : “My kitty cat bracelet”.
 Hutch : “Where was it?”
 His daughter : “They couldn't have stolen that, would they?”
 Becca : Honey, I'm sure it'll turn up somewhere.”

After Hutch Mansell is coming home from his work, and seeing his family to make sure everything is all good, Becca his wife seems like looking for something. It makes Hutch Mansell curious about it. and her daughter answer the question of her father by saying that she looks for her cat bracelet. The emotion has come when she asking him about whether the criminals had taken the bracelet, and Becca knows that she has the husband with a bad background as the assassin.

So that, Becca ask him to the possible things, maybe the bracelet is in another places. Then, Hutch slowly walked from his family and opens the door with the emotion. In the ambition sides, Hutch Mansell seems like care about his daughter. He does not allow to people who make his daughtersad or angry for everything. Because this includes performing things that a partner knows their partner will be like them to do. These behaviors are frequently associated with home tasks. He went on to say that if they are carried out with good thought, energy, and forethought, they might be perceived as demonstrations of love since they show that one partner was thinking about the others. Hutch takes a change to bring and try to find the bracelet back to his daughter.

Figure 4. 7 Hutch finding the criminals positions.

(Apartment, 24:10-25:03)

Hutch : “You know why I'm here. 'Cause I'm a good man. I'm a family man. Most of all, I'm a man who did not deserve “your gun in his face. Now, the watch. The kitty cat bracelet.”
 Criminals : what? I don’t know, what the fuck you are....”
 Hutch : “Give me the goddamn kitty cat bracelet, motherfucker!”

In this scene, Hutch has forced the man who has possibility become a criminal who stolen his cat bracelet. Hutch seems like does not hesitate with his gun to shoot the man and his family. The criminals do not know how to do, or what happened to him. After hutch Mansell would like to shoot the man, the man will be promised that he can help to find the cat bracelet to him. Hutch Mansell has started to the house tour to find the cat bracelet. He thinks that he does the wrong things. He finally stopped the action, emotion and choose to go out from the house with a desperate feeling. In the other sides, he tries his best to find out the bracelet, but in another sides, he thinks that he cannot kills them because he has a small family and baby.

Figure 4. 8 Hutch Must Protect his family

(Dinner at home, 48:24-48:49)

Hutch	: Everybody, get to the basement, now! Move!
Becca	: what's going on?
Hutch	: Move!
His son	: Dad?? What...
His daughter	: Is this a game dad?
Hutch	: Yes, this is the game. Don't call 911

He seems like he has the reason and purposes to ask his wife hide in the basement. The purposes are to make his family saves and runaway from those houses. He asks his wife to avoid the trouble without call the police because he thinks that there is no problem with his family. After Hutch Have a problem with the mafia members in the bus and he has to fight with them, Hutch Mansell is shocked when the members of Russian Mafia came into his house in order to take Hutch Mansell down. The ambition for this scene is Hutch would like to protect his family from the danger because he loves them, by sending them into the basement.

Figure 4. 9 Hutch Promises

(Basement, 48:49-57:39)

Hutch : “Becca, I love you, I need you to trust me now. I need to take care of this

Becca : “What is this?”

Hutch : “It is what it is, this is me. Okay? Blind for the last time, I promise.

Becca : “Come back... We'll deal with us then; I'll take the kids”.

Hutch has promised to his wife and his family that he surely, he wins against the mafia members and yulian as the leader of the mafia organization. He thinks that she must allow him to take care of those trouble maker. He argues that Becca no need to worry about him because it is what it is, it has been happened and hutch cannot get back and let this happening to them.

Figure 4. 10 Hutch has been defeated the Yulian's People

(House, 58:11-01:01:08.)

Hutch : I know your boss sent you here, but you got to know when to say no

A couple of chapters back, um, there was this guy named Alan. Alan skimmed about three million bucks and his prize was me looming over him. Uh, it was a suppressed H&K USP .45 at the back of his head.

And he started begging, like they all do. and I usually pulled the trigger before the waterworks began. but this time I listened. I heard a man who genuinely regretted his choices and wanted nothing more than to shed his wolf skin. and return to the pasture as a lamb. I quietly let Alan go. A year later, I went back to check on him. He had a wife. He was working 9:00 to 5:00. And he was smiling, like a goddamn buddha! I am not a jealous guy, but in that moment, I wanted what Alan had. So, I told my bosses. I'm going to out of the game. They were not happy to hear it. You know, it was better than I expected. I might have, uh, overcorrected. But...sneaky devil, Fucking kitty cat bracelet. Bone burns to ash at 1,500 degrees, and this basement is designed to double that. so, they won't be finding you. among the rubble Deep down, I always knew it was a facade.

Hutch has been defeated the member of Yulian organization which are tries to take him alive with Yulian for the price. In this scene, Hutch with a cool act and calm vibes tries to communicate with all of members of Yulian. Hutch tells them that his past is just a past. He seems like shows the criminals or the member of yulian for who is he,

if he would like to make it worst more than those act, it will be. But he chooses to build up the family by spending his time for having a good family and learning how to be a good father.

He proofs the real identity of himself by story-telling until they have been died on the spot, during the speech. The ambition called “self-attitude” A person who is ambitious attempts to learn from his or her wins and losses; setbacks fuel his or her resolve to achieve. "I am as excellent as anybody," unhappiness with oneself and one's accomplishments, sensitive to criticism All of this contributes to the idea that a person is working hard to cultivate particular characteristics.

Figure 4. 5 Hutch Has An ambition to revenge

(Factory,01:06:33-01:06:44)

Harry: “hey yo, are you there?”

Hutch: “Hutchie boy” hey!”

Harry: “Dude, fucking with the Russians?” Classic, Hutch!” Fucking with that batshit crazy Russian?? I mean, that's a whole other level of recklessness, man.”

Hutch: “I got to do what I got to do”.

Harry: “Yeah, of course, right, right, and get yourself shot! That’s going to solved everything!”

Hutch: “They came after my family. They came at my dad!!”

Harry: “I know!”

Hutch: “I’ve got a plan.”

Harry: “You got a fucking plan. Listen, Hutch!”

Harry seems like does not like Hutch decision to revenge all of the treatment that giving a trouble for his family. Hutch is the father and it will take any risk and pain and sacrifices himself into the trouble by his ambition to express his revenge perspective to show who is he and he have his own plan for it. Hutch just does not want to be underestimated with Yulian, after he tries to kill his dad and whole family. The ambition for hutch is a negative ambition. As the human being, Revenge is the bad habit that all people must be avoiding that. But Hutch Mansell has to solved this alone. So that, Hutch Mansell would like to finish this circle of pain by fighting with Yulian’s member and Russian Mafia for expressing his dominance and self-identity, take a new challenge and obstacle.

Figure 4. 62 Hutch Meets Yulian to revenge

(Yulian's Club, 01:09:17-01:11:55)

Yulians : Mm. Wait. Rebuild???

Hutch : "I burned it... all of it. I burned it... Everything you have.

Yulian : "My art?..... Obshack??????? (Angry)

Hutch : "You should've seen it go up. It was something. I mean, if this doesn't make us even... because, after all, you came to my house, which you know you don't fuck do! (Speaks with his emotional feeling)

Yulian : "You killed my brother.

Hutch : "The last I saw; he was still breathing. you can come after me, if you succeed to taking me down, well, you're still obligate to refinance the entire Obshak,

Hutch Mansell finally meets the leader of Obshack Bank and his own organization Russian mafia. Hutch has a purpose to end this revenge and games. Yulian gets shock when Hutch sitting on the table, enjoy the dinner. He thinks that Hutch is not an ordinary man. The ambition of hutch in this scene is to take a risk by fighting with his father to win against Yulian. Hutch does not forgive the treatment which is Yulian gives to his family. Hutch spends his whole life to make his family proud.

4.2 Characteristic of Ambition

The last discussion is to determine the ambition characteristic of the main character in *Nobody* directed by Ilya Naishuller based on the discussion in the previous analysis. The analysis will begin with the characteristic and ambition first by taking some theory from the expertise and the writer opinion. The discussion will be show in the statement below:

1. Achievement Motivation Ambition

Figure 4. 7 His Daughter Have Lost the Cat Bracelet

“His Daughter Have Lost the Cat Bracelet”

(House 19:11-20:19)

Hutch : “How was today?”
 Becca (His wife) : “I can’t find it”
 Hutch : “You can't find what?”
 His daughter : “My kitty cat bracelet”.
 Hutch : “Where was it?”
 His daughter : **“They couldn't have stolen that, would they?”**
 Becca : Honey, I'm sure it'll turn up somewhere.”
 Hutch : **(Hutch hits the door with an anger)**

After her told his dad that whether the cat bracelet has stolen by the criminals who has visiting his house at the night time, Hutch Mansell seems like have an emotional feeling, because of his daughter lost her cat bracelet after the criminals out of the house. the characteristic of ambition from the statement above is called **“Achievement Motivation”** by Barsukova (2016). the High accomplishment motivation; huge wish for ego and self-development; seeking to achieve more often than family; trying to be better than others; low daydream; victory ambition; motivation pressure. The high pressure for the emotional situation by looking the disappointment of his daughter face make Hutch Mansell getting angry about the loss of his cat bracelet, Hutch loves his daughter, the ego that his defend for his family seems lose control.

2. Self-Attitude Ambition

Figure 4. 8 Hutch Finding the Criminals

“Hutch Looking for the criminals to find the cat bracelet.”

(Tattoo shop 21:20-30:00)

The owner : “Who are you???”
 Hutch : “I'm just a man. who is looking for someone?”
 Hutch : **“people who don't know any better, people who are seeking for to intimidate and and people like me, who wish with every fiber of their being that someone would try to take it from them!”**
 The man : “Thank you for your service.”
 Hutch : You, Too, Old-timer. (Closed the door)”

The ambition for the scene dialog above is to find the criminals by asking the tattoo maker shop. Hutch believes that the criminals has been stolen his daughter cat bracelet and it makes hutch Mansell so angry for what is happened at that night The ambition above shows that Hutch would like to bring his bracelet back of his hand.

The characteristic of ambition above are related to the theory from (Barsukova,2016 “Psychological Characteristics of Ambitious Person”). Called “**Self-Attitude**” A person who is ambitious attempts to learn from his or her wins and losses; setbacks fuel his or her resolve to achieve. "I am as excellent as anybody," unhappiness with oneself and one's accomplishments, sensitive to criticism All of this contributes to the idea that a person is working hard to cultivate particular characteristics. Hutch does not want to break his daughter heart, because she loves the cat and it means everything for her. The confidence of Hutch Mansell personality brings him to out of comfort zone.

3. Attitude Dominance Ambition

Figure 4. 9 Hutch Promises

(48:49-57:39)

- Hutch : **“Becca, I love you, I need you to trust me now. I need to take care of this**
- Becca : “What is this?”
- Hutch : **“It is what it is, this is me. Okay? Blind for the last time, I promise.**
- Becca : “Come back... We'll deal with us then; I'll take the kids”.

The ambition aspect of the scene above can be show when Hutch Mansell must be protecting his family as his responsibility which are causes the trouble because of him Hutch Mansell believes that he can fix all of the trouble by himself. All hutch need is to trust him for the last time. the ambition characteristic is related to **Attitude Dominance** by Barsukova (2016) Kindness; competition; comparing oneself and one's potential with others; compassion for persons who have accomplished a lot in life; "best" approach towards individuals who have not attained success; desire to challenge competitors. The attitude dominance is Kindness; competitiveness; comparing oneself and one's potential to others; sympathy for people who have achieved a lot in life; "best" attitude to others who have not achieved achievement; want to challenge competitors.

4. Self-regulation

Figure 4. 15 Hutch has been defeated the Yulian's People

“Hutch has been defeated the Yulian People in his house”

(Houses, 58:11-01:01:08.)

Hutch : “I know your boss sent you here, but you got to know when to say no
A couple of chapters back, um, there was this guy named Alan. Alan skimmed about three million bucks and his prize was me looming over him. Uh, it was a suppressed H&K USP .45 at the back of his head. .. **I quietly let Alan go. A year later, I went back to check on him. He had a wife. He was working 9:00 to 5:00. And he was smiling, like a goddamn buddha! I am not a jealous guy, but in that moment, I wanted what Alan had. So, I told my bosses. I'm going to out of the game. They were not happy to hear it. You know, it was better than I expected. I might have, uh, overcorrected. But...sneaky devil, Fucking kitty cat bracelet.**

The characteristic of ambition from the scene dialog above is called **Self-Regulation**: Self - control; risk-taking abilities; time management; failure to "play well". It means that emotional stability; readiness to take chances; time management; failure to "play well". After Hutch winning the fight against Yulian Member, he seems calm down and tried to easy going by telling story about the reason Hutch would like to be a better person and having is family. He controls his emotion, before he burns the house. it is about time management.

5. Attitude Dominance Ambition

Figure 4. 10 Hutch Meets Yulian to revenge

(01:09:17-01:11:55)

- Hutch : “Yeah. Maybe. What say you and I have a moment, (The Bom has been planted to the tables). **there's a long-dormant piece of me now awake. that wants so very badly to play this out. The other, more reasonable piece of me... what's left of it... would like to end our little tête-à-tête right now? What's done is done. we can both rebuild, right?**
- Yulians : Mm. Wait. Rebuild???
- Hutch : “I burned it... all of it. I burned it... Everything you have.
- Yulian : “You killed my brother.
- Hutch : “**The last I saw; he was still breathing. you can come after me, if you succeed to taking me down, well, you're still obligate to refinance the entire Obshak,**

Hutch Mansell finally meets the leader of Obshack Bank and his own organization Russian mafia. Hutch have a purpose to end this revenge and games. Yulian gets shock when Hutch sitting on the table, enjoy the dinner. He thinks that Hutch is not an ordinary man. The ambition of hutch in this scene is to take a risk by fighting with his father to win against Yulian. Hutch does not forgive the treatment which is Yulian gives to his family. Hutch spends his whole life to make his family savety.

From the analysis above, the writer concludes that ambition should have the connection between a personality desire and emotional well-being. The ambition will be able to succeed if someone does what he loves and commits with the stuff and things that people doing. The ambition is a trigger to achieve the personal goals meanwhile; love is the reason to someone has an ambition to reach the higher levels in life.
